Summer school registration has begun and we would like to remind you of a few policy changes that will take effect this summer. The district policies for out of district courses can be found on pages 6&7 in the High School Course Catalog. Below is a summary of the updates.

Under the old policy some online summer courses went on a student’s transcript as credit/no credit and did not receive a letter grade. Starting summer 2014, all summer school courses will receive a letter grade and credit regardless of if they are taking online or face-to-face from a partner school. This change in policy will not affect summer/online courses taken in previous years. The second change relates to the number of credits that can be taken outside of school. Previously, coursework taken outside of District 204 was limited to 2.0 credits. Now, that 2.0 credit limit only applies to courses taken online or as a correspondence course. Classes offered by District 204 Online or classes offered in a face-to-face format will not be counted against the 2.0 credit limit. Third, repeating a class in order to replace a grade is now only an option if the student retakes the same class at Waubonsie during the school year. Classes that are retaken over the summer will not be eligible for grade replacement. Additionally, summer courses that are labeled honors/AP will not receive weighted credit. Finally, all summer school courses require prior approval from a counselor in order for them to be accepted as credit. The Outside Coursework Pre-approval form can be found on the Guidance page on the WV website.

Below is a listing of summer school providers that students from Waubonsie Valley have utilized in previous years. If you have questions on a particular course or provider, please reach out to your student’s guidance counselor.

**IPSD 204 Online**- This summer the school district will be offering two courses in an online format, Consumer Economics and Intro to Music Theory. [http://ipsdweb.ipsd.org/OnlineLearning/Default.aspx/OnlineLearningSummer2014](http://ipsdweb.ipsd.org/OnlineLearning/Default.aspx/OnlineLearningSummer2014)

**College of DuPage**- Offered at several locations including WVHS, MVHS & NVHS. [https://www.cod.edu/academics/conted/high_school.aspx](https://www.cod.edu/academics/conted/high_school.aspx)

**Waubonsee Community College**- Offered at several locations including downtown Aurora and the Copley campus. [http://www.waubonsee.edu/learning/high-school/summer/index.php](http://www.waubonsee.edu/learning/high-school/summer/index.php)

**Illinois Virtual School**- Courses offered in a completely online format. Cost may vary depending on if the student is working on a new course or making up a previously failed course. [http://www.ilvirtual.org](http://www.ilvirtual.org)
